

BETA Launch with over 40 Clubs

We are really excited that over 40 clubs have signed up to our BETA launch. Better yet, they're already saving money and benefiting from the following services!

Club and Member Registration

Get everyone involved with your unique, club branded registration site to collect all member info.

teamoMail - Group Email

Send branded group emails easily using your personalised club email address.

E-mail Redirection

Send all club e-mails to one place and direct these to your personal email too.

Membership Database

All club information securely stored in one place, available at your desk or on-the-go with our app.

Are you making the most of what's on offer? We are happy to help: info@teamo.chat

teamo 1.0 - for mobile and desktop

teamo might be under App Store review* but we promise it will be worth the wait! We have used the extra time to perfect what is to come, on release day **teamo 1.0** will be packed full with the following features:

Branded Club App

Your club, your identity - download a club app with your logo/crest and colours. Every member's app is unique to their relevant team(s), personalised with relevant information.

Instant Messaging

Allow your club members to communicate as teams and individually. All your messages, texts and emails in one app. Pin important messages at the top to make sure they never get lost.

Address Book

All your contacts, in your pocket, available when needed. NB only captains and managers can see phone numbers.

Group Management

Assign members to specific groups/teams, to manage information access and communication. With designated captains and managers.

Photo and Video Sharing

Whether it is a training video or a photo from a social, sometimes words are not enough.

Competition Information

Quick links to all League and Cup information for every team; fixtures, league tables and results.

But why stop there?

We want sports communication to be seamless! We will be bringing you fixtures integration including player availability and selection with match day information - and much more, you'll be the *first* to know!

*App Store review: Apple have a strict review system for new apps. We have a system in place ready to send an SMS to all registered club members as soon as the app is ready for download.
